Caddy Daddy's Talon for Daddy

Posted by Alice Scott on 2 weeks ago in [Accessories](#), [Gloves](#).

Ever watch a bird of prey swooping down to catch a fish? You gain an appreciation for evolutionary design and purpose. That might be the case with the folks at Caddy Daddy as their newest offering, the Talon Golf Glove, surely mimics that natural act. When those talons sink into its victim, they seldom lose it. The same can be said

of the new Talon Golf Glove. By blending cutting edge synthetics with micro suede materials, Caddy Daddy has produced a glove with superior grip, maximum flexibility, and comfortable fit. The ultra-thin tack infused palm is similar to the gloves worn by NFL receivers. If the Patriots were wearing Caddy Daddy Talon Golf Gloves, they would not have needed to deflate the balls. Sorry, New Englanders, I digress. (Ok, that is hubby Danny ghost writing and digressing. You see, Caddy Daddy Talon Gloves are designed for men only, although I may check out the smaller size for fit. No, what the heck, why not let the men have something for themselves? Dad might like that.)

Now golfers can experience superior grip without sacrificing feel. The full motion mesh is comfortable and breathable. On a recent trip to [Ireland](#) and [South Africa](#), we experienced wet and humid conditions, respectfully. In Ireland, morning fog and mist were prominent on most rounds. Danny was amazed at how the Talon gripped

his club. No slippage and as comfortable as if he were playing bare handed. He bragged so much about it that

the local Irish pro had to try it. I'm not sure if he said he could have it, or just try it for a round, but he left Ireland without it.

South Africa had different

conditions. Humidity was more prominent and temperatures changed drastically from morning to afternoon. Our host asked if he had an extra glove that he could try. With a bit of reluctance he shared his last Talon Golf Glove; he was the host, after all. As you might have guessed, he left South Africa without it.

Did we mention that the glove is machine washable? Try that with your current glove. If you are looking for a fashionable glove for all conditions, go to www.caddydaddygolf.com

The style and comfort will surprise you. Results will astound you. But, beware of friends wanting to try it. You may lose it. Consider Caddy Daddy's Talon Golf Glove for Daddy's Day.
