northwest

The New Talon Golf Glove from Caddy Daddy features their Tack Fusion™ grip technology designed not only for high comfort and maximum hand flexibility, but also to promote a tacky or sticky grip that fosters a relaxed grip during the golf swing. The top of the glove features a flexible and form-fitting micro-suede material while the palm is made of a durable and tacky synthetic material that becomes even more effective (tacky) after a machine wash or damp cloth application. Also features a detachable ball marker. www.caddydaddygolf.com \$17.99
